What is it all about?

We have to let you know how our school uses any personal information that we hold about you. This document explains how we collect, keep and use your information.

We have a Data Protection Officer, whose job it is to make sure that we are acting in the right way when collecting, keeping and using your personal information. Their name is Mr Stuart Mullaney

Who looks after the information?

The school is the data controller of the personal information you give us – we look at how and why your information is collected and used. Sometimes the school has to give your information to other people, such as the government, but it will only give away your information when your parents say it's ok or when the law says that they have to. When your data is given to someone else, they must look after it and keep it safe.

Why do we collect and use your information?

We will only collect your information when we need it to help us do our job or to follow the law. When we have collected it, here's how we use it:

- to help you learn
- to check how you are doing in school and work out whether you or your teachers need any extra help
- to give you any extra support you need when not in class
- to see how well the school as a whole is doing
- to look after you and keep you safe
- because we have to tell Welsh Government how you and we are doing

What information do we collect?

There is some information about you, which your parents or guardians have to give us. There are some occasions when your parents or guardians can choose whether or not to give us the information. We will always tell your parents or guardians whether they must give certain information to us, or if they have a choice. We will explain what might happen if they don't give us that information. The information we hold about you includes:

- Personal information (such as your name and where you live and when you were born)

- Safeguarding information (such as if you and your family need help or support from other people)
- Special educational needs (if you need extra help to learn)
- Medical information (information about any medicines you take or if you are not able to eat certain food)
- Attendance information (such as the days that you have been at school, any days that you have missed and why you missed them)
- Assessment and attainment (such as your Test Results or your school report)
- Behaviour information (such as if you are well-behaved or to record when you have not been well-behaved)
- Photographs of you learning at school
- CCTV images

How long do we keep your information?

We don't keep your information for ever. We only keep it for as long as we need, to help us to do the things we needed it for. We have a policy that tells us how long to keep it and when to bin it.

How do we store your information?

To make sure that your information is kept safe we do the following:

- The information will not be used for any reason other than the reasons we have talked about in this document.
- The information will be kept either on a computer (that has a password) or in a locked cupboard. Only some people are allowed to have the password for the computer or the key for the locked cupboard.

Who do we share your information with?

Your information will only be shared with other people, if the law says that we can share it. We will make sure that your information is kept safe when we do share it too. We sometimes share your information with:

- schools that you go to after leaving us

- Ask us to remove information when it's not needed anymore
- Ask us to only use your information in certain ways
